

mio modero prestige

A STEP ABOVE.

The Mio Modero Prestige is available in both single and double style options supporting up to eight or sixteen clear, square buttons, respectfully. And the horizontally adjacent square buttons may be replaced with doublewide, rectangular buttons for ease or emphasis. However, the difference is clear – clear buttons that take inserts with text and/or icons. Each keypad comes complete with translucent sheets with standard icon inserts.

COLORS

The Prestige is available in your choice of three colors – black, white and beige. All three complement the award-winning Modero Touch Panel line and will work in any application.

FEEDBACK IS ESSENTIAL.

This contemporary keypad also offers clear, custom printed buttons with an LED that glows to indicate feedback.
